

Choir of the academy

At the moment , the choir of the academy, which is under the direction of Marco Zeiser Celesti, consists of ca. 60 students and rehearses every Monday from 15:00- 16:30 pm in the Great Hall of the academy.

The choir performs at concerts of the academy, and, furthermore, the choir has the opportunity to take part in single opera performances in Kassel's state theater. The program comprises vocal music of all eras from early music on up to the modern era, to make the students familiar with as many different styles and genres of choir literature as possible.

Once a year, the choir performs together with the orchestra of the academy in a concert.
